

Mrs. Conley's Math Choice Board

Directions: Pick one of the options below to complete. Students should spend 20-30 minutes working on the assignment. I will review the assignment when we are back in school with the student. For each NTI day, students should pick a different assignment. Do not continue to choose the same assignment over and over.

Math Worksheet #1: Dividing by 3 Complete this worksheet and Practice these facts for fluency!	Math Worksheet #2: Dividing by 4 Complete this worksheet and Practice these facts for fluency!	Math Worksheet #3: Dividing by 5 Complete this worksheet and Practice these facts for fluency!	Math Worksheet #4: Dividing by 6 Complete this worksheet and Practice these facts for fluency!
